Car Seats

Before Christmas we had road safety team in to work across the school. One of the question they asked the children was whether they had child seats when travelling in cars outside school. The majority of children said they did not use them. Can I please point out that the law states that any child under 1m 35cm **MUST** use a child/booster seat. Please make sure you follow this very important law. It could save your child's life!

Water bottles

Please can I remind parents of Key Stage 2 children that we urge all children to have their own water bottles in school. Children are then given permission at convenient times to fill the water bottles from our water fountains. However, we do throw bottles away on a Friday if left on the premises as it would become a health & safety issue if bottles are not cleaned. Bottles must go home on a Friday to be sterilised please and returned on Monday.

Packed Lunches

Can I remind parents that we do not allow fizzy drinks in school at any time. Not only are they unhealthy but they also cause a mess as they go everywhere when opened.

Thanks

School Council

School council are working very hard on working towards eco-status. This is where the children will be recognised for their understanding of sustainability. One of their projects is to make sure lights are turned off at break times/ends of the day and we shall soon have "light monitors!". Another project is to start cardboard recycling. At the moment we just recycle paper. Do ask the children about it please.
